\end{array}
\]
Overseas students pay 15% of the cost of a visit to the local doctor and if you are in a public hospital you do not have to pay at all. However, you may have to pay more to see a specialist or if you are staying in a private hospital. When you get a bill or a receipt for a medical service, take it to the Medibank Private office, together with your medical card and apply for a refund. Normally you have to pay for medicine at the pharmacy. This expense is not usually refunded. Please note: Medibank Private does not cover medication. If you are hurt in an accident or need urgent medical attention in an emergency go to the Emergency Department of a hospital.
Recognition of Prior Learning (RPL) - is the formal recognition of the skills and knowledge a person has regardless of how or where these skills may have been attained, that is, through formal or informal learning or work experience, (paid and unpaid) voluntary work and life experience. The evidence provided for RPL must address the currency of competencies being assessed. Adelaide College of Technical Education confirms that all students, potential or actual, of all offered accredited courses are provided with full recognition of their current skills and knowledge. Adelaide College of Technical Education promotes acknowledgment of 'non-traditional' forms of learning as valid pathways for recognition of competency achievement during the RPL assessment process. RPL will result in exemptions and it can be determined by applying for an application from your agent or directly from Adelaide College of Technical Education. 
Other methods of determination are: Recognition of Current Competency (RCC) - This term is sometimes used. For general purposes the term is synonymous with RPL. Credit Transfer - is an arrangement to give a standard level of credit or formal recognition to a learner who has previously achieved competence in a training or educational environment. Some Credit Transfer arrangements are also called Advanced Standing or Exemptions. RPL for Entry - is an arrangement where learners are provided access to assessment tools and processes to assist them to meet minimum entry requirements for access to a course or qualification. Note: In RPL for Entry no qualification is issued. Recognition is given to the person’s prior learning to permit entry through equivalence into a qualification that requires some specified entry standard. Overseas Equivalence - is an arrangement to give formal recognition to an individual who has completed a course or qualification overseas. The National Overseas Office of Skills Recognition (NOOSR) can assist this process. Exemptions will only be granted on the basis of fully documented formal qualifications. The granting of exemptions may reduce the total course price and require a reduction in course duration. This will necessitate a new ECOE if granted prior to the course commencement and notification to DEEWR via PRISMS.

Note: It is recommended that all potential applicants visit and review the information available at [www.acte.sa.edu.au](http://www.acte.sa.edu.au)
